Subject: Weekly EIC Report 21 October

Mr. Jackson,

The new format for EIC reporting is attached. To date we have issued 50 EICs with an additional 20 in the validation process. There are 4 EIC applications which are not valid.

Per your request, demographic information is included on the second slide. Our Driver License Division is generating an additional report for zip codes.

Thank you and let me know if you require anything further.

Candace Nolte
Deputy Assistant Director
Chief, Office of Government Relations
